

# ADL Hate Crime Map

Below is an interactive map of America that shows selected hate crimes reporting data from the FBI from 2004-2015. Unfortunately, for a variety of reasons, dozens of large cities either do not report hate crime data at all – or underreport the data to the FBI.

ADL is working with communities across the country to improve their hate crime reporting.

23 states have statutes protecting against hate crimes on the basis of religion/race/ethnicity
